HIGH PERFORMANCE FOUNDATION

(REF. N.C.R.L.T.)

HIGH COVERAGE FOUNDATION

Fluid foundation that combines full coverage with a light matt finish. This foundation is a concentrate of non-greasy oils for a skin with a velvety effect and a matt finish. The texture blends with the skin immediately after application, minimizing imperfections with a thin matt veil of no-make-up effect.
The product is enriched with a special agent that stimulates the formation of channels that draw water from the outside of the skin, keeping it hydrated all day long.

CONTAINS

- High concentration of sublimating pigments that guarantee high coverage without weighing down the eyes;
- Film former that guarantees resistance to water and sweat;
- Lightweight volatile oils that enable product blend ability and hold;
- Cross-linked filmogen that gives long lastingness;
- Fine, impalpable, texturizing powders with different grain sizes that give a velvety, thin texture;
- An agent that stimulates the formation of aquaporins, which are the natural channels involved in the reabsorption of water through the surface layer of the skin.

APPLICATION TIPS

After cleansing the skin and applying a face primer, it is recommended to apply the product with precision tapping with the tip of the flock to cover imperfections, then blend by rotating the flock or using your fingers or a sponge for a more natural result. In addition to covering imperfections, this product is also excellent for smoothing out small wrinkles or signs of fatigue.

PACKAGING SUGGESTION

It is recommended to place the product inside a sealed pack with the following tested materials: CAP: ABS, Bottle: PETG, Wiper: HDPE.

SHELF LIFE 36 MONTHS

The effectiveness of the functional principles proposed in the paragraph: contains, may be supported by targeted tests if requested by cutomers
