VELVET EYESHADOWS

(REF. E.S.O.)

VELVET EFFECT MATT EYESHADOW

Ultra-high pigmentation eye shadow with immediate, intense, adjustable and super-matt color release. The texture is creamy, homogeneous and immediately adheres to the eyelids. The touch is comfortable and pleasantly silky.
The gaze is in the foreground, rich in nuance and expressiveness.

The shape of the eyes is emphasized by the adjustable intensity of the shades. The formula is long-lasting and guarantees evenness throughout the day.
Smooth application, silky touch, zero fall-out and high blendability are the ingredients for a flawless look.

CONTAINS

- Emollient oil, which makes the texture velvety and creamy;
- Mattifying powders with different grain size and sphericity that intensify the matte effect;
- High concentration of pigments for immediate color release;
- Viscous ester, solubilizing and silky on the skin.

APPLICATION TIPS

To prolong the hold of the product even further, prepare the eyelid by applying an eye primer.
Apply the product and blend with an eye brush.
To add emphasis to your eye makeup, finish with a line of pencil or eyeliner.
To intensify the color, blend with a metal eyeshadow.

PACKAGING SUGGESTION

Traditional cases with one or more seats, in plastic or cardboard.
The must-have of the moment is to create palettes with multiple color harmonies and different textures.
