PEARLY BASE

(REF. P.R.S. 001)

ILLUMINATING EYE / FACE PRIMER

Illuminating and fixing eye/face base that gives a glow effect to your make-up and improves the durability of your eyeshadow and enhances its color. Its pearly finish illuminates your face and eye area with a veil of light. The formula is enriched with hyaluronic acid to minimize expressions.

The texture is silky and pleasantly fresh.
The coverage is light and the touch impalpable. The slightly pearlescent finish gives a fresh and radiant look, using it as an eye primer, the eyeshadow adheres perfectly and evenly to the eyelid, the color reveals all its brilliance and remains flawless for a long time.

CONTAINS

- Natural oils, with emollient and moisturizing action;
- Pearlescent powders, which give brightness to the eyes and complexion;
- Hyaluronic acid, which has an anti-aging effect;
- Film former, which fixes the make-up and smoothes the skin;
- Volatile solvents, which fix the product and ensure rapid drying.

APPLICATION TIPS

After cleansing the skin, apply the product evenly on the face, let it dry completely and proceed with the application of foundation for a super glow effect. To emphasize the look, apply a small amount on the eyelids, let it dry and proceed with the application of eye shadow.

PACKAGING SUGGESTION

We suggest to use a tube with an ophthalmic applicator if used as eye primer, or a tube with a classic dispenser. Recommended packaging materials PETG or HDPE.
